

Rate Wizard Training Webinar

This is an introduction to the Rate Wizard module in RoomKeyPMS. Watch this webinar to learn how to create a rate plan, load rate prices, manage restrictions, and more!

The following three steps are required to create and distribute a new rate:

1. [Create a New Rate Plan](#)
2. [Setup a Rate Template and Load Rate Prices](#)
3. [Attach a Client Type](#)

 TIP: to change a existing Rate Plan price, load future rate prices, apply rate restrictions, etc. you can review the same steps in [Setting up a Rate Template and Load Rate Prices](#).
